HEALTH CERTIFICATE

The undersigned confirms that :

- the goods covered were processed and packed by Nestlé Suisse S.A., 1800 Vevey, Switzerland, (Nestlé factory Konolfingen - CH 2439) according to the sanitary laws of Switzerland. We attest that the goods are free of any harmful and dangerous matters with respect to the human health, be it chemical, biological, physical and mechanical factors, and therefore are fit for human consumption. They do not contain any harmful ingredients and are free from germs, injurious diseases, pests and of radiation conform to Swiss Food and Phytosanitary Legislation.
- the company that produced these goods has implemented a quality assurance system.
- there is no evidence of an extraordinary contamination with dioxins (PCB) and aflatoxin residue limits in the mentioned products produced in Switzerland and that the Swiss regulations about dioxin contamination are in accordance with those in the European Union.
- the product mentioned above is analyzed on Melamine and the result is <1 ppm melamine.
- Monitoring results show that the product is in compliance with international laws regarding hormones, the residual of hormone, antibiotics, pesticides, insecticides, rodenticides, radioactivity and any food additive that is prohibited under international or local laws.
- these products are free of radiation.
- the below mentioned products do not contain any ingredients based on materials which are genetically modified and there is no intention to replace raw materials with GM raw materials.
